School Rules and Cleaning hands

Our classroom rules are important and we must

follow them. If we cannot remember the rules the

adults will help us.

There will be lots of sanitiser to use - remember to

20

rub it in for 20 seconds.

When you wash your hands, use soap and the

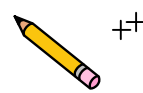

20

bubbles for 20 seconds before you wash off the

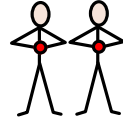

bubbles with water.

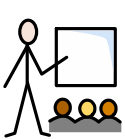

Remember - we DO NOT SHARE pencils.

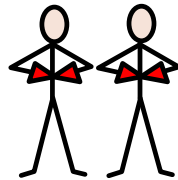

Bubble Groups

It is still very important to stay in our

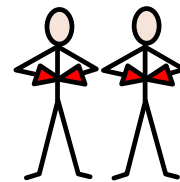

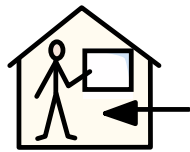

class bubbles.

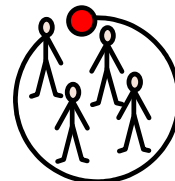

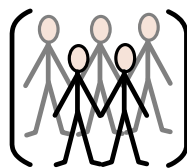

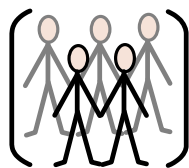

This is to keep us safe and to

keep our grown ups at home safe.

The adults in school will let us

know which bubble group is ours.
