

The shared vision of East Stour

At East Stour we believe that we should...

1. **Love everyone as an individual - for who they are**
2. **Provide irresistible learning for every child**
3. **Remember - every second of school is important**
4. **Be the best role model you can be**

Our curriculum at East Stour is underpinned by our 5 core values:

Wellbeing is at the forefront of all we do and we pride ourselves on our provision for this, with every child seen as an individual. Our school therapy dog, Calli, plays a huge part in this and can often be found supporting our children around the school!

Each term we have a whole-school focus on one of the values listed at the top of this page. We embed them within the school day through consistent vocabulary, age-appropriate key phrases, and events linked to the current term's value. These events include assemblies, lessons, performances and celebrations.
