

Learning with Little Composers

We believe the best way to learn at Little Composers is through play! Here are some examples of the fun learning activities we do here at East Stour. We are very lucky to have such a huge learning environment both inside and outside!

We have weekly tuff trays based around our topic to extend our learning through our play. Here are some examples of our favourite ones! These are to support a certain area of learning, this can be anything from communication and language, fine motor or maths!
