

East Stour SPORTS PREMIUM 2021-2022

We use the PE and sport premium to secure improvements in the following 5 key indicators; engagement of all pupils in regular physical activity, the raised profile of PE and sport is raised, Increased confidence, knowledge and skills of all staff in teaching PE and sport, Broader experience of a range of sports and physical activities offered to all pupils and increased participation in competitive sport.

At East Stour, children receive two hourly curriculum lessons per week. This is in addition to "Movement Minutes" which involves 15 minutes of physical activity for every pupil from nursery age to year 6.

We believe that PE and games contribute to the greater wellbeing of pupils, not just in physical fitness but in learning the key values of teamwork, fairness, resilience, discipline and respect for others.

In 2020/21, many of our children competed in inter-school competitions. Competition sports include; football, cricket, dodgeball, tennis, rounders, cross country, indoor and outdoor athletics, hockey, orienteering, KS1 skills and netball. The school has achieved a bronze School Games Mark. The school year was impacted by Covid-19 so there were less events than we usually have.

This year we are participating in netball tournaments, handball and cricket tournaments alongside many in-school events and competitions. We believe swimming is an essential life skill for our children, and therefore we are providing swimming lessons for years 4, 5 and 6.

Impact the school has seen on pupils' PE, physical activity and sport participation and attainment

- The school has seen an increase in the number of children participating in inter and intra tournaments.
- New sports such as handball and high five netball have been introduced.
- In key stage 1 pupils have learned cricket and participated in both inter and intra tournaments.
- Football has been introduced across key stage 2 with two after school clubs.
- The school has achieved higher places in inter school tournaments. Several children who have been to tournaments have been inspired to seek out sports clubs in the area.
- Most children can now run for 15 minutes without walking, something that can inspire life-long fitness. This increased endurance resulted in a cross country team coming second in a multi-school event.
- Intra tournaments created quite a buzz within participating classes.
- Staff have commented that children are more settled and alert after exercise such as the daily mile.

How the improvements will be sustained

- Inter house tournaments planned for the coming year.
- Endeavour to increase the number and variety of after school clubs (once COVID restrictions change and allow this to happen safely)

- Additional lessons provided for children who do not meet the national curriculum swimming requirement of 25m.
- Propose to train sports leaders and playground staff in games/sports to bring extra fitness and enjoyment to playtimes
- Develop links with other schools for after school matches.

Funding

| | |
|--|---------------------------|
| Total amount carried over from 2019/2020 | £5,521 |
| Total amount allocated for 2020/21 | £19,420 |
| How much (if any) do you intend to carry over from this total fund into 2021/22? | £8,042 |
| Total amount allocated for 2021/22 | £11,352 + 8108 |
| Total amount of funding for 2021/22. To be spent and reported on by 31st July 2022. | £27,502 |

Percentage of year 6 cohort who met the NC swimming requirements:

July 2019 80%

July 2020 50%

July 2021 40%

PROVISION 2020-2021 (amount)spent £11,378)

We used the Sport Premium to improve provision in a number of ways, including:

- PE hub subscription £455
- Annual subscription to Ashford District sports £70
- Equipment for playground £800
- Sports based after school clubs £200
- Continue with coaching sessions for tournaments. £5040
- Top up swimming lessons for those children currently in year 5 and year 6 who are unable to swim 25 metres £4500
- Increase the number of after school sports clubs to be in line with other schools of a similar size.
- Plan and encourage more opportunities for competition within the school.
- Develop and improve break and lunchtime activities. Upskill pupils through sports leadership to help lead and develop activities on the playground.
- Timing chips for cross country. £2 per child (actual cost £433, parents contribute £2) = £80

- Travel costs for children to attend sporting activities £33 (business insurance)
- Resources to support / promote the daily mile - stickers, medals, certificates etc £200
