

## College Inspiration Days with East Stour and Ashford College.

East Stour Primary School Year 6 students were immersed in the full participation of college life over a three week period this year. As part of the EKC Trust, the college created a fantastic timetable for the children to experience two different courses each week and a tour of the college. This was a truly brilliant experience for them all. It first hand illustrated the courses and job opportunities available to them after secondary school, whether this be experiencing the life of a hairdresser, electrician, chef, plumber, engineer, artist, ICT technician, or social worker. The children had the best time and it was truly memorable and inspirational.
