

East Stour Primary School SEND Information Report September 2023

Information about the Kent Local Offer

Children and Families Act 2014

The Children and Families Act takes forward the Government's commitments to improve services for vulnerable children and support building stronger families. It underpins wider reforms to ensure that all children and young people can succeed, no matter what their background. The Act reforms the systems for adoption, children who are looked after, family justice and special educational needs.

The Act extends the SEN system from birth to 25, giving children, young people and their parents / carers greater involvement in decisions and ensuring needs are properly met. It takes forward the reform programme set out in Support and Aspiration: A New Approach to Special Educational Needs and Disability

What is the Local Offer?

The [Local Offer](#) details what local services are available to support disabled children and children with SEND and their families. This easy to understand information sets out what is normally available in schools to help children with SEND as well as the options available to support families who need additional help to care for their child.

What does it do?

The Kent County Council Local Offer provides parents / carers with information about how to access services in their area, and what they can expect from those services. It lets parents / carers and young people know how school and colleges will support them, and what they can expect across local schools and colleges.

What services are available?

We work closely with a multi-agency approach to working to meet the needs of pupils with special educational needs. Some of the agencies we regularly work with are: -

[STLS](#) – Specialist Teacher Learning Service

[IASK](#) The role of IASK is to ensure that parents have access to confidential and impartial information, advice and support so they can make informed decisions about their child's special educational needs. This is achieved by working in partnership with parents, providing information, services and training, working with relevant agencies and ensuring parents' views influence local policy and practice.

[Kent PACT](#) (Parents and Carers Together):

Kent PACT is committed to working with you as Parents and Carers to ensure that we are providing a voice to the Local Authority. Partnership and empowerment for every one of us is at the heart of what is needed to ensure that Kent PACT is successful in its endeavour to ensure that the services in Kent are fit for purpose and that the needs of children and young people are heard.

NELFT/CAMHS/School Nurse

Child and Adolescent Mental Health Services - This service can be accessed following referral from a medical professional (G.P./School Nurse). SENDCOs and parents can also refer to the service directly. With parental consent, CAMHS will work with us to support children, recommending strategies for staff to use in school.

Hearing impaired Service/Visually Impaired Service

These services can be called upon to support children in educational settings who have hearing /visual impairments respectively. With consent, schools can refer to the service.

Speech and Language Service (S.A.L.T.)

This service can be called upon to support children with speech, language or communication problems. With consent, schools can refer to the service. Some children are also referred via their GP or a School Nurse.

Educational Psychologists

The school is supported by an educational psychologist, who works very closely with the SENDCO. Following consent and referral, the educational psychologist assesses and supports individual pupils with special educational needs by providing parents and school staff with detailed reports and suggestions for actions based on identification of need.

The educational psychologist is very important in contributing to statutory assessment/Education, Health and Care (EHC) Plans.

Occupational Therapy

This service receives a referral from a health professional or from a SENDCO, with parental consent. They explore, assess and guide provision around various physical difficulties. Often a report to school will be followed by sessions with an assistant from the service.

Age range	3-11

East Stour Primary School is part of the EKC Academy Trust. We deliver quality first teaching to every child, adapting the curriculum to their specific needs through the graduated approach.

How do schools know if children need extra help?

- We know when children need help if:
- Concerns are raised by parents / carers, teachers or the child
- Limited progress is being made
- There is a change in the child's emotional well-being or progress.

What should I do if I think my child may have special educational needs?

The class teacher is the initial point of contact for responding to parental concerns. If you have further concerns, then contact the SEND team: SEN@east-stour.kent.sch.uk

SEND Information Report
September 2023

How will I know how the school support my child?

- Each child's learning will be adapted by the staff involved in your child's education and tailored to suit their individual needs. This may include targeted support for a short time within the SEND team's timetable of support or there can be support delivered within the classroom setting
- If a child has needs related to more specific areas of their education, such as spelling, handwriting, numeracy and literacy skills, etc. then the child may be placed in a small focus group. The length of time of the intervention will vary according to need and monitored regularly. If you have any questions related to the interventions please do not hesitate to contact the class teacher or SEND team to discuss.
- As parents / carers, you will have regular opportunities to discuss your child's progress within school. This shared discussion may highlight any potential problems in order for further support to be planned.
- In some cases, a referral may be made to seek further advice through outside agencies such as LIFT in order to discuss the most appropriate way forward professionals.
- Occasionally a child may need more expert support from an outside service such as Speech and Language Therapy, Educational Psychologist or Occupational Therapy.
- Any referrals to outside agencies require parental consent.
- The Governors of East Stour Primary School schools are responsible for entrusting a named Governor who will monitor the SEND provision and use of funding in their school. In a support and challenge role, the Governors ensure that the school is as inclusive as possible and treat all children and staff in an equitable way. They monitor and review the accessibility plan; all other statutory policies and provision as defined by the Department for Education.

How will the curriculum be adapted to meet my child's needs?

- All work within the classroom is tailored to individual children's needs by the class teacher to best enable children to access to a broad and balanced curriculum.
- Teaching assistants (TAs) may be allocated to work with key children to target more specific needs, however much of the support is shared within the classroom and aims to build independence and resilience within our SEND learners.
- If a child has been identified as having an additional need, they may be given a personalised plan; and reasonable adjustments may be made to their provision.
- Targets and Outcomes will be set according to their area of need. These will be reviewed by staff and the SENDCO at least three times a year with the opportunity for discussion with parents / carers and the pupil; with a copy given to them.
- If appropriate, specialist equipment may be given to the child e.g. writing slopes, concentration cushions, sensory resources, pen / pencil grips or easy-to-use scissors.

East Stour Primary School
SEND Information Report
September 2023

How will I know how my child is doing?

- Through the school's assessment and reporting systems, you will be kept regularly informed about your child's progress.
- Pupil targets will be reviewed by staff and the SENDCO at least three times a year with the opportunity to share with parents / carers and the pupil; with a copy given to them.
- In addition, if your child has an EHCP, this will be reviewed at a formal annual meeting.
- You will also be able to discuss your child's progress at parents' evenings.
- Appointments can be made to speak, in more detail, with members of staff if you require.

How will you help me to support my child's learning?

- Staff may suggest ways of how you can support your child.
- The Class Teacher, SEND team or FLO may meet with you to discuss how to support your child and may suggest strategies to use.
- If outside agencies have been involved, support and strategies may be provided and could be used at home.
- This home-school partnership is an essential, two-way process.

What support will there be for my child's overall well-being?

- The school offers a wide variety of pastoral support for children who are encountering social/emotional difficulties:
- Members of staff are readily available for children who wish to discuss issues and concerns.
- Additional support may be provided for children who find social times challenging.
- East Stour has safe spaces for children who need emotional support.

Children with medical needs:

- If your child has a medical need then a detailed care plan will be written with the support from outside agencies if required
- These are shared with all staff involved with your child.
- Staff receive Epipen / diabetic / epilepsy training delivered as required.
- Where necessary and in agreement with parents / carers medicines are administered in school but only where a signed medicine consent form is in place to ensure the safety of both child and staff member. Please refer to the school's administering medicines policy [available in school].
- Identified staff have first aid training.

What specialist services and expertise are available at or accessed by the school?

East Stour Primary School
SEND Information Report
September 2023

- At times it may be necessary to consult with outside services to receive their more specialised expertise.
- An educational psychologist (EP) is allocated to our school and the school receives 3 days a year of support. They would normally only work directly with children whose needs are considerable and who have not made sufficient progress using the interventions previously put in place for them.
- STLS – If a child is assigned a specialist teacher after a LIFT (Local Inclusion Forum Team) meeting, they will work with the school, class teacher and other outside agencies to support the individual child to reduce barriers to learning. Parents can attend meetings and reports are shared with them.

What training have the staff supporting children and young people with SEND had (or are having)?

- Different members of staff have received training related to Special Education Needs and Disabilities.

This may include sessions on:

- cognition and learning (e.g. Dyslexia)
- communication and interaction (e.g. speech and language difficulties or ASC)
- physical and sensory needs (e.g. coordination needs)
- social, mental and emotional health (e.g. ADHD, trauma-based approach, anxiety based school avoidance)

The SENDCO holds Qualified Teacher Status and has relevant experience.

- Our SENDCO holds or must achieve the National SENDCO award within three years of appointment and in line with statutory guidance.

How will my child be included in activities outside the classroom including school trips?

- Activities and school trips are available to all in line with our equal opportunities policy.
- Risk assessments are carried out and procedures are put in place to enable all children to participate.
- If it is deemed that an intensive level of 1:1 support is required, you may be asked to accompany your child during the activity or an additional adult will attend the trip

How accessible is the school environment?

- In compliance with the Equalities Act (2010), all schools will take reasonable steps to avoid putting disabled pupils at a substantial disadvantage.
- Schools are responsible for setting an admissions policy and criteria which does not discriminate against pupils with disabilities or treat them unfairly.

East Stour Primary School
SEND Information Report
September 2023

- As individual schools we are happy to discuss individual access requirements and involve outside agencies such as OT and Physiotherapists to ensure environments are adapted for individual needs.

How will the schools prepare and support my child during transition in school and between settings?

- All children have opportunities to attend transition visits.
- Discussions between the previous or receiving schools/ settings happen prior to the child joining / leaving.
- All children attend transition sessions where they spend some time with their new class teacher and other members of staff.
- Additional visits are also arranged for children who need extra time in their new school.
- School staff are always willing to meet parents / carers prior to their child joining the school.
- Where a child may have more specialised needs, a separate meeting may be arranged with relevant staff from both schools, the Local Authority, parents / carers and, where appropriate, the child.

How are the school's resources allocated and matched to children's special educational needs?

- A notional SEND budget is allocated to individual schools each financial year in line with the SEND Code of Practice. This can be used to provide additional support or resources dependant on an individual's needs.
- Dependant on budget; additional support and resources may be deployed to aid children's learning.
- The level of support will vary dependant on the needs of the child.
- Additional funding can be applied for if required. This is awarded based on level of provision by the Local Authority

How is the decision made about how much support my child will receive?

- These decisions are made in consultation with teachers, The SEND Team and Senior Leadership Team (SLT). Decisions are based upon termly tracking of child progress and/ or as a result of assessments by outside services.
- If further concerns are identified, due to the child's wellbeing or lack of progress, then other interventions may be arranged.

How will I be involved in discussions about and planning for my child's education?

- All parents / carers have a responsibility to support their child's education.
- Parents / carers support home learning and personalised targets.
- Discussions with teachers / SENDCO / other professionals.
- Attendance at Parents' Evenings.

East Stour Primary School
SEND Information Report
September 2023

How will my child's views be taken into account?

- Where relevant, children are involved in the setting of personalised targets.
- Discussions around aspirations for the future will inform the content of any personalised planning.
- Pupil voice is valued and encouraged.
- Attendance at review meetings is welcomed where appropriate.

Who can I contact for further information?

- If you have further questions and concerns regarding SEND, please contact the school to arrange a meeting with the relevant staff member.
- It is in everyone's interest that concerns and complaints are resolved at the earliest possible stage.
- Many issues can be resolved informally, without the need to use the formal stages of the complaints procedure. East Stour Primary School will make every effort to resolve the matter as quickly as possible. If you have difficulty discussing a concern with a particular member of staff, we will respect your views. In these cases, the SENDCO may refer you to another staff member or the Senior Leadership Team.
- We understand however, that there are occasions when people would like to raise their concerns formally. In this case, we will attempt to resolve the issue internally, through the stages outlined within the complaints procedure.
