

East Stour SPORTS PREMIUM

Review of Provision 22-23 and proposed provision 2023-2024

We use the PE and sport premium to secure improvements in the following 5 key indicators; engagement of all pupils in regular physical activity, the raised profile of PE and sport is raised, Increased confidence, knowledge and skills of all staff in teaching PE and sport, Broader experience of a range of sports and physical activities offered to all pupils and increased participation in competitive sport.

At East Stour, children receive two hourly curriculum lessons per week. This is in addition to the daily mile which involves 15 minutes of physical activity for every pupil from nursery age to year 6- aiming to run a mile.

We believe that PE and games contribute to the greater wellbeing of pupils, not just in physical fitness but in learning the key values of teamwork, fairness, resilience, discipline and respect for others.

In 2022/23, many of our children competed in inter-school competitions. Competition sports include; football, cricket, dodgeball, tennis, rounders, cross country, indoor and outdoor athletics, hockey, orienteering, KS1 skills and netball. Additionally EYFS children have accessed a fantastic Cycle course. Children have been participating in netball tournaments, handball and cricket tournaments alongside many in-school events and competitions. We believe swimming is an essential life skill for our children, and therefore we are providing swimming lessons for years 4, 5 and 6.

Impact the school has seen on pupils' PE, physical activity and sport participation and attainment

- The school has seen an increase in the number of children participating in inter and intra tournaments, particularly with strengthened links in the EKC group.
- New sports such as handball and high five netball have been introduced.
- In key stage 1 pupils have learned cricket and participated in both inter and intra tournaments.
- The school has achieved higher places in inter school tournaments. Several children who have been to tournaments have been inspired to seek out sports clubs in the area.
- Intra tournaments created quite a buzz within participating classes.
- Staff have commented that children are more settled and alert after exercise such as the daily mile.

How the improvements will be sustained

- Inter house tournaments planned for the coming year.
- Sports provision support to continue from a TA
- Specialised SEN sports provision to be implemented
- Endeavour to increase the number and variety of after school clubs (once COVID restrictions change and allow this to happen safely)
- Additional lessons provided for children who do not meet the national curriculum swimming requirement of 25m.

- Propose to train sports leaders and playground staff in games/sports to bring extra fitness and enjoyment to playtimes
- Develop links with other schools for after school matches.

Funding

Total amount allocated for Academic Year 2022/23	£19,430
Total amount allocated for Academic Year 2023/24 <ul style="list-style-type: none"> ● schools with 17 or more eligible pupils will receive £16,000 and an additional payment of £10 per pupil (based on the January 2023 census) 	£19,960 tbc

Percentage of year 6 cohort **who swim competently, confidently and proficiently over a distance of at least 25 metres:**

July 2020 50%
 July 2021 40%
 July 2022 45%
